

## **Summer Muse**

Lazy heat  
Glass and feather shadows in the afternoon  
Shambling beat  
Stuck in sticky wood and bamboo room  
Distance train  
Metal rails and diesel smoke pollution  
Children wail  
Playing, tumbling from a tree  
Confusion  
Crazy dream  
Inspired by medication  
Summer green  
Draws this beautiful temptation  
I need you, I need you...  
I don't really need you  
If I call you again I will want you forever...  
I will need you forever  
Bring me sunshine, bring me rain  
Bring me pleasure, bring me pain  
Bring me coffee bring me tea  
Fetch me something, surprise me  
Bring me muffins, bring me grapes  
Bring me icons so I can pray  
Raise my children, cook me stew  
Catch my teardrops, bring me you.
